When my family and I had the opportunity to build our dream home we couldn't start plans for our dream pool fast enough. We had some crazy ideas including a swim up bar with full kitchen right in our own backyard.

I had previously dealt with other pool companies that just were not honest, not up to par and overall a headache to deal with. I was concerned going into this new project until we met Steve at Crystal Pools. From start to finish Steve was a real pleasure to deal with. He is honest and punctual and gets the job done the way you want to see it done.

During the pool construction phase I was so confident in the Crystal Pools team that i took my family away on vacation only to come home to the most amazing pool ever. Steve actually threw in a few surprises for my kids. Needless to say I was thrilled.

We have remained close friends ever since and I highly recommend Crystal Pools to anyone looking to do a pool. They are also an amazing service company. Year after year i get complements on my pool. My family absolutely loves it! Every time we go outside its like a mini vacation without any traveling. We could not be happier. Crystal Pools gives new meaning to "staycation"!
