Crystal Pool and Spa**

Dear Steve,

Thank you for making our dream of having a pool come true. We appreciate all of your efforts in working with us to meet the stringent requirements of Montville Township back in 2003.

The pool itself along with the kool deck from Anna's Kool Deck and the landscaping by Laracca Landscaping surpassed all of our hopes. We were especially thrilled when we found ourselves in the Imperial Pool 2004 catalogue.

You and your colleagues have always been professional in the ongoing service of our pool and landscaping. We particularly appreciate being advised of all upgrades and new products such as our new salt generator. It's great!!

Please feel free to use us as a reference at any time.

Best Wishes,

Atty. Ed and Suzanne
